

45° DUAL SHADE SYSTEM

- Works with both inside and outside mounts
- Allows both sun screen and room darkening on a single bracket

Roll-A-Shade's 45° dual bracket system combines a black-out shade with the solar screen shade creating both room darkening and ambient light control. The clutches are universal and can be mounted on the same or opposite ends. Our bottom rails are available in 10 attractive colors. We can also custom match ICI® or Pantone® colors to meet your installation and designer's specifications.

Technical Data:

- Optional bracket covers available in black, brown, cream, grey, vanilla and white
- Bracket powder coating available in white, vanilla, black, clear anodized, bronze and custom colors. Custom match colors are also available to meet your installation requirements and designer's specifications. See page 14
